15. Battery Compartment

DESCRIPTION

The PI1000 is a complete video recording system that is both compact and discreet. The built-in camera catches all the action and the video is recorded onto the included SD card. The best part is, this device looks like an ordinary motion sensor, allowing you to monitor any location discreetly. Simply mount it on the wall at your home or business and the PI1000 will capture high quality digital video. When you want to view your footage, just remove the SD card and watch it on your computer.

WHERE DO I USE THIS?

At home to watch your:

- Children
- Nanny
- Pets
- Entrance ways

At work to watch your:

- Warehouse
- Employees
- Convenience Stores
- Cash/Safe
